Researcher24 exklusively presents IPRGuard:

IPRGuard is the service for Brand Monitoring and innovative IN USE researches.

The IPRGuard In Use research determines the actual use of names on the Internet. IPRGuard screens websites, newsgroups, online-news, P2P activities, domains, logos and images. The specialized IPRG research Workflow and the brandspider technology allow for a continuous monitoring of the Web.

System-integrated optimization of relevance, extensive statistical analyses and statements that include watchlist and action features turn IPRGuard into the most effective tool for tracing trademark and product piracy and for helping you to protect your intellectual property.
